Product Description

INTUGREEN 6" Plain Round Plate

The **INTUGREEN 6" Plain Round Plate from Coimbatore, Tamil Nadu, India** is an eco-friendly disposable plate made from natural sugarcane bagasse pulp. With a size of **155 mm** and a depth of **15.85 mm**, it is designed for serving both hot and cold food in restaurants, cafes, catering services, events, takeaways, and food delivery applications.

This **6-inch Bagasse Round Plate** is sturdy, microwave-safe, freezer-safe, and resistant to oil and water. It offers a practical plastic-free alternative to conventional disposable tableware while supporting eco-conscious foodservice requirements.

The plate is **100% biodegradable and compostable within 90 days** according to the supplied INTUGREEN product document. It is also suitable for hot food applications, with resistance stated up to **120°C for oil and 100°C for water**.

Based in **Coimbatore, Tamil Nadu, India**, INTUGREEN supplies sugarcane bagasse tableware for restaurants, cafes, caterers, events, takeaways, food delivery businesses, and other commercial foodservice needs.
