Product Description

INTUGREEN 7" Square Smart Tray

The **INTUGREEN 7" Square Smart Tray from Coimbatore, Tamil Nadu, India** is an eco-friendly disposable food tray made from natural sugarcane bagasse pulp. With dimensions of **136 mm** and a depth of **22.50 mm**, it is designed for serving both hot and cold food in restaurants, **cafes** , catering services, events, takeaways, and food delivery applications.

This **7-inch Square Smart Tray** is sturdy, microwave-safe, freezer-safe, and resistant to oil and water. Its compact square format makes it practical for snacks, small meals, side dishes, desserts, and takeaway food service while offering a plastic-free alternative to conventional disposable tableware.

According to the supplied INTUGREEN product document, the tray is **100% biodegradable and compostable within 90 days**. It is also suitable for hot food applications.

Based in **Coimbatore, Tamil Nadu, India**, INTUGREEN supplies sugarcane bagasse tableware for restaurants, **cafes** , caterers, events, takeaway outlets, food delivery businesses, and other commercial foodservice requirements.
