Product Description

8 Inch Round Eco-Friendly Paddy Husk Plate

The **IntuGreen 8 Inch Round Eco-Friendly Paddy Husk Plate from Coimbatore, Tamil Nadu, India** is a versatile disposable plate made from natural rice husk fibre. Designed for breakfast items, sandwiches, salads, cutlets, quarter-plate portions, and light side dishes, it is a practical choice forÂ canteens, food trucks, quick-service restaurants, catering, and institutional dining.

This **8 inch Paddy Husk Plate** is formed by compressing natural rice husk fibre under heat and pressure, giving it good rigidity for everyday foodservice. It is microwave safe, oil resistant, and free from plastic lining, wax, and chemical coatings. The plate can handle dry foods and lightly saucy dishes such as poha or upma while maintaining its shape during service.

The plate is **100% biodegradable and compostable** and is designed to break down naturally without leaving microplastic residue. IntuGreen manufactures these plates at its **Coimbatore facility** under HACCP and FSSAI-compliant processes.

Based in **Coimbatore, Tamil Nadu, India**, IntuGreen supplies 8 inch paddy husk plates for HoReCa, canteens, QSRs, catering, bulk orders, private-label requirements, and export markets.
