✓ In Stock

Product Description

INTUGREEN 10 mm Edible Rice Drinking Straw

The **INTUGREEN 10 mm Edible Rice Drinking Straw from Coimbatore, Tamil Nadu, India** is a wide, rice-based edible straw designed for thicker and textured cold beverages. Its 10 mm diameter makes it a practical choice for smoothies, milkshakes, fruit blends, dessert beverages, and specialty **cafes** drinks.

This **10 mm Edible Rice Straw** is suitable for smoothie bars, **cafes** , dessert outlets, QSRs, hotels, catering services, events, and HORECA applications. The wider bore helps make thicker beverages easier to drink while offering a distinctive edible alternative to conventional disposable straw formats.

INTUGREEN positions this product as a **10 mm edible straw, wide edible drinking straw, edible smoothie straw, edible milkshake straw, and rice straw for smoothies**. Typical length options communicated across the range are **210 mm and 230 mm**, subject to the exact SKU.

Based in **Coimbatore, Tamil Nadu, India**, INTUGREEN supplies edible rice drinking straws for **cafes** , restaurants, hotels, QSRs, distributors, retailers, catering, bulk procurement, and export requirements. Buyers should confirm the exact length, ingredients, pack quantity, storage, allergen information, beverage compatibility, and product documentation for the selected SKU.

Frequently Asked Questions

1. What drinks are suitable for the 10 mm Edible Rice Straw?

It is best suited for **smoothies, milkshakes, thick chilled drinks, fruit blends, dessert beverages, and specialty cafes drinks**.

2. Why choose the 10 mm Edible Rice Straw?

The wider 10 mm opening is better positioned for thicker beverages compared with smaller-diameter straws, subject to the actual beverage formulation and product-use conditions.

3. Is the INTUGREEN 10 mm straw edible?

Yes. It is part of INTUGREEN **cafes edible rice drinking straw range**. Exact ingredient and usage details should be confirmed for the final SKU.
