Product Description

INTUGREEN 8 mm Edible Rice Drinking Straw

The **INTUGREEN 8 mm Edible Rice Drinking Straw from Coimbatore, Tamil Nadu, India** is a versatile rice-based edible straw designed for a broad range of cold beverages. Its balanced 8 mm diameter makes it suitable for juices, chilled fruit drinks, iced tea, cold coffee, soft drinks, mocktails, and everyday **cafes** beverage service.

This **8 mm Edible Rice Straw** is ideal for **cafes** , restaurants, juice bars, hotels, QSRs, catering services, events, retail, and HORECA applications. The edible rice-straw concept gives businesses a distinctive alternative to conventional single-use plastic straw formats while supporting sustainability-focused beverage service.

INTUGREEN positions this product as an **8 mm edible straw, 8 mm rice straw, edible drinking straw for cafes , edible straw for juice, and sustainable cafes straw**. Typical length options communicated for the range are **210 mm and 230 mm**, subject to the exact SKU.

Based in **Coimbatore, Tamil Nadu, India**, INTUGREEN supplies edible rice drinking straws for **cafes** , restaurants, hotels, QSRs, catering, distributors, retailers, bulk procurement, and export requirements. Buyers should confirm the exact length, ingredients, pack quantity, storage, allergen information, beverage compatibility, and applicable product documentation for the selected SKU.
